CARING FOR YOUR LITTLE ONES AT EVERY STAGE

Learning Vision offers busy working parents trusted care for infants as young as two months old, and a valuable curriculum for preschoolers up to Kindergarten 2.

If you're a fulltime working parent, the ideal day-care and preschool centre for your little ones should be convenient to get to from work. That's why Learning Vision builds centres in locations accessible to you.

With 28 years of experience, Learning Vision is a leading workplace provider of high-quality early childhood education services for government agencies, higher learning institutes and private corporations. It is part of the award-winning Busy Bees group, which has 23 centres that care for 2,500 children from two months to six years old, every year.

PROGRAMMES AT LEARNING VISION

• **The Infant Programme (2 to 17 months)**
Infant-care centres are specially designed and fitted to ensure children's optimal safety, while maximising their development and learning capabilities.

• **Toddler Programme (18 to 30 months)**
A warm, conducive and stimulating environment that enhances toddlers' learning experiences in expressive language and communication, affective and physical growth, and which will help them adapt to a group care setting and develop autonomy.

• **Nursery Programme (30 months to 4 years)**
Helps children in Nursery 1 increase number awareness, explore sounds and letters of the alphabet, and develop an interest in books and reading. Phonics and numeracy skills are introduced in Nursery 2, and they begin practising writing.

• **Kindergarten Programme (5 to 6 years)**
Integrated learning experiences promote vocabulary, reading and writing, numeracy, mathematical concepts, technology and awareness of environment and community. Kids will collaborate on projects, think critically, and explore ideas and concepts through problem-solving, investigations, and research.

Call 6781-0888 or visit **www.learningvision.com** to find out more about the programmes and to locate a Learning Vision centre near you.
